THE SILVER MUDDLE

General, Newspaper and Bankers

Take a Hand.

WOMAN'S RIGHTS!

Bishop Doane Scored by Mrs.

Elizabeth Cady Stanton.

DEBS' PRISON OFFICE

A ROYAL HORSE WINS!

IS HE FOR FREE SILVER.

The Head of the Army, General Schofield,
Hints His Views.

[Special Dispatch to the Transcript.]
Omaha, June 7.—General Schofield and
his party arrived here yesterday. When
asked regarding the silver question, Gen-
eral Schofield said: "No man knows
where I stand upon that question, and so
long as I am at the head of the army it
would look peculiar should I express my
views upon this vital question. These
views might be different from those en-
tertained by the head of the government, and
it would only embarrass him should I take
it upon myself to air what is clearly
foreign to my ideas under existing circum-
stances."

A DEMOCRATIC BOLT.
A Richmond Democratic Paper Will Not
Swallow Free Silver.

Omaha, June 7.—General Schofield and

eral Schofield said: "No man knows

ILLINOIS BANKERS' ACTION
Democrats of the State but Not Bankers
Favor Free Silver.

[Special Dispatch to the Transcript.]
Rock Island, Ill., June 7.—At a con-
vention of the Bankers association of
Illinois yesterday, resolutions were adopted
unanimously opposing free silver under
the present conditions. The only conces-
sions they would make to silver is in case
of international agreement. This action
on the part of the bankers was to rebuke
the Democratic state convention's free-
silver action.

BISHOP DOANE SCORED.
Mrs. Elizabeth Cady Stanton Speaks
Her Mind.

[Special Dispatch to the Transcript.]
NEW YORK, June 7.—Bishop Doane's
caustic remarks spoken at Albany yester-
day regarding woman's suffrage have
created a great deal of comment here.
Speaking of the Bishop's denunciation of
the woman's rights movement Mrs. Eliza-
beth Cady Stanton said last night that
such utter rot as Bishop Doane and his
like utter on this subject, is responsible
for the assaults and insults which women
suffer. He is like Mrs. Paraginton trying
to sweep back the ocean with a broom,
but it cannot be done—not even by a
thousand Bishop Doanes.

Other prominent members of New York
city woman's suffrage league condemned
the Bishop's statements as despicable and
cowardly.

Hong Kong regarding Russia's connection
with the Chinese loan says it is evident
that the entire transaction has in it more
of the political than of financial signifi-
cance.

HIS WAGON RUINED.
Wheels Good to Support One Destroyed
by Carrying Two.

A stranger's wagon came to ruin last
night because of the interference of an-
other stranger. The stranger's horse was
hitched near the Phoenix mill and the
second stranger came along and decided
to have a ride. A companion was taken
into the wagon and the horse started up
at its best speed. Whether from centri-
fugal or crushing force it can hardly be
determined but the wheels collapsed. The
wheeled horse and the remnant of the
wagon at an officers suggestion were
taken into Liveryman Roberts' yard. The
owner, who saw his wagon driven to de-
struction, followed into the yard after it
and expressed himself regretfully. The
wheels, he said, were only good for one
passenger. The drivers escaped.

All Are Doing Well.
The victims of the Cheshire accident are
all doing well. Mr. Chase had a good
night last night and is better today than
yesterday. Miss Birch and Miss Raymond
are also doing well. They sat up yester-
day for the first time since the accident
and were visited by Miss Boynton, who
made her way to them on crutches.
Everybody will be glad to receive such
encouraging news of these unfortunate
young people.

ZYLONITE TO RUN

L. L. Brown Has Not Yet Secured
the Coveted Control of the
Zylonite Works.

POWER, PAPER, PAPER MACHINERY.

A Reliable Statement Regarding the
Big Deal. A Company Formed
For New Enterprise. Much
Capital Invested.

At last it is sincerely hoped that the
Zylonite works are to be occupied once
more. From time to time rumors have
come up and were exploded, but this time
there is much of fact. The plant may be
occupied by a new corporation, to be
known as the "Adams Power Company,"
who will start with a capital of \$250,000.
They are to make paper and textile fab-
rics, and machinery used in the manu-
facture of paper.

At the request of prominent men con-
cerned the rumors that have floated
around lately were not published out of
consideration for an expectant people
whose anticipations would have been
ruined by the plan fallen through. These
people have had their hopes often aroused
and often blasted. The plan is now so far
advanced that there is little room to sus-
pect that it will not fully mature.

Charles A. Howland is president of the
new concern and H. H. Wellington treas-
urer. The directors are Charles A. How-
land, H. H. Wellington and James C.
Chalmers. The certificate of incorpora-
tion was filed with the secretary of state
May 27.

This morning Treasurer Wellington,
cashier of the First National bank of
Adams was seen and questioned about the
above facts. He said they were true but
the company has not yet completed their
arrangements and do not care to say any-
thing more for a time.

The three men elected directors are
among the leading business men of Adams
and good public spirited citizens. The
undertaking will be a success, starting off
under good circumstances and backed by
such men.

It will not be long before the village of
Zylonite will be again thriving and the
cheerful sound of industry will be heard
there again with pleasure. L. L. Brown
has not yet secured control of the idle
plant. He and his friends are working
hard to gain possession and it is expected
their efforts will be successful.

STRAWBERRY FESTIVAL.
The Children of Mary Gave a Very Suc-
cessful Festival Last Evening.

The Children of Mary gave a very suc-
cessful strawberry festival last evening in
Odd Fellows hall. Claps band was in at-
tendance and, after rendering a short
concert in front of the hall, occupied a place
on the stage. Twelve refreshment tables
were set, there was a beautiful fancy table
and a very attractive "bank de bienfaisant,"
or luck table. The strawberries used on
this occasion were given by Dr. Mignault
and by the young ladies. Some very
handsome presents were given that were
placed on the fancy table.

Father Jeannette gave a picture, Ma-
donna. Father Rioux gave a picture of
St. Anthony of Padua. Both of these pic-
tures are beautiful and excited much ad-
miration. Books were circulated on both
of these presents and the former was
drawn by Dr. Mignault, Dolphus Perrault
drew the handsome picture of St. Anthony.

Father Jeannette drew a Columbia boat,
Miss Mary McCraw a handsome lamp-
shade, Mrs. McPherson a barrel of flour,
Miss Georgia Cardner, a valuable bracelet,
Miss Vadner a very tastefully worked sofa
pillow. Mr. Girard drew a handsome
hand-painted vase.

Many other articles were drawn of
which no record were made. Those arti-
cles which were not disposed of on the
fancy table were placed on the luck table.

Taken all in all, the fair was a great suc-
cess, the hall was crowded most of the
time and the room was not cleared until
after midnight. The young ladies who
waited at the refreshment tables were
kept very busy and a large amount of re-
freshments was disposed of.

The young ladies have every reason to
congratulate themselves and to feel the
greatest satisfaction at the smooth and
pleasing manner in which all passed off,
and at the financial success that was
achieved. The exact amount of the pro-
ceeds has not yet been reckoned up. It
will be known tomorrow.

LEE MASONIC CENTENNIAL.
The Lodge Paul Revere Granted its First
Charter to.

The 100th anniversary of the reception
of a charter from the grand lodge of
Massachusetts by Evening Star lodge of
Mason at Lee was celebrated in that vil-
lage yesterday with pomp and ceremony,
all the Masonic lodges of Berkshire
county, the grand lodge of Boston, several
lodges from Connecticut and Masons
from Springfield and Albany partici-
pating. The welcome extended the visiting
guests by the Masons and town was most
cordial and the elaborate decorations
showed the interest the citizens took in
the celebration. The literary exercises
were held in the First Congregational
church immediately following the
parade, and over 1500 people
heard the services, many, however,
being unable to get sitting room.

Thomas Post of Lenox delivered the his-
torical address. Dinner was served in a
large tent on Franklin street, and all the
Masons, about 1000, were seated at the
tables. About 100 women served as
waiters. The after-dinner talk was one of
the pleasantest features of the day. Well-
ington Smith was toastmaster.

Paul Revere was grand master of the
grand lodge of Massachusetts in 1795, and
under his administration a charter was
granted to Evening Star lodge on June 9
of that year. This charter was destroyed
by fire in 1857, but a new one was imme-
diately procured.

The present membership is about 150,
and from the fact that it insists on
punctuality in dues, its retired list is
large.

The pivotal spot of Lee Masonry is the
old house on the knoll in Bradley street,
where Gen. Lafayette is said to have
stopped, it then being a tavern, in colonial
times. It is a curious fact that the oldest

LIVING MASON IN LEE, EDWIN STURGIS,

eighty-nine, was made a Mason in the
attic chamber of this house during the
times of the suppression of the order.
Mr. Sturgis, though somewhat infirm, was
a prominent figure in yesterday's celebra-
tion.

KERR SKIPS AGAIN.
An Adams Boy Causes His Parents and the
Police Trouble.

This morning the Adams police station
was called up by the Pittsburg station
and Officer Hodeker, who answered the
call, was told that a small boy, calling
himself Frank Kerr of No. 2 Reeves street
Adams, was there. The boy gave his
right name and address. He will be sent
home. This is the third time he has ran
away. He was captured in Pittsburg once
and gave his name at that time as Kelley
of Chicago. His parents do not know
what to do with him. If he repeats the
experiment he will probably end up in a
state reform school.

FRANK CLARK RETURNS.
The Boy Who Caused the Pownall Fracas
Home Again.

Frank Clark, the much wanted witness
in the dismissed Koehler liquor case, has
returned to Adams. It is quite evident by
his return at this time that nothing but an
unwillingness to testify in the case kept
him from his home. Mr. Clark was the
cause of very much trouble, which it is
hoped is now happily ended.

"OLIVETTE" AT THE COLUMBIA
The Delightful Comic Opera "Olivette"
Played by a Strong Company.

"Olivette" was played at the Columbia
last evening for the first time. It will be
repeated tonight and tomorrow night and
no one should fail to see it. The play is
produced in a most acceptable manner
and sparkles with wit and humor through-
out. It is safe to say that no comic opera
has given greater satisfaction to a North
Adams audience than did this one last
evening, if one may judge from the en-
thusiasm of an audience.

Miss Bosie Pierce as "Olivette" is very
entertaining and interprets the feelings of
the troubled daughter of Marquise in a
very pleasing manner. The two comedians,
W. J. Clark, as "Duc de la," and Gus
Daly, as Coquelinot, his foster brother
and henchman, were very good. One look
from "Coquelinot" would set the audience
to snickering. Mr. Daly rendered a song,
"He'll Bob up Sorely," in the first act
and was encored so forcefully that he was
obliged to sing "Mike McCarthy" Wake"
to satisfy the audience. Ed. Gervaise, as
"Valentine," the romantic lover was very
good and Fred Marston, as "Captain De
Merriman" carried his part very accept-
ably as did Ed. Norton, in the part of
"Marvejail," the father of Olivette. Miss
S. Hall, as "Barthelede," the countess of
Rousillon, sustained her part well and the
minor parts, Valentine, maid to Olivette,
carried by Miss Mabel Herbert and Mosti-
que, the cabin boy, by Miss Frankie Hall
was very good.

The performance gave the utmost sat-
isfaction to the audience and if one were
told that this company committed the
opera in two days one could scarcely be-
lieve it. The prices of admission are five
cents, twenty-five and thirty-five cents.

CURTAINS CAUSE TROUBLE.
They Were Neighbors Once But are Neigh-
borly No More.

Sheriff Frink searched the home of Mrs.
Cephas Whitney on the corner of North
Holden street and Chase avenue yesterday
and found two window shades which
Chase Barnett claims are his property.
The search arose out of some family dif-
ficulties. Mrs. Whitney does not deny that
the curtains at one time belonged to Mr.
Barnett. Mr. Barnett once lived in the
upper part of Mr. Whitney's house and
when he moved the tenement was fitted
for another occupant. When the work-
men began the fitting, the two curtains
were upon the windows, Mrs. Whitney
says, and would have been destroyed had
she not removed them. The case will
probably come up in court Monday morn-
ing.

A STIMULATING COMPOUND.
Greenfield and Brattleboro Grocers Have
Had a Run on "Hop Beer."

Internal Revenue Deputy Collector N.
J. Lawlor of Greenfield has increased the
government income from his district to
the extent of \$500, and may possibly
swell this to \$1500, in connection
with a "hop beer" sold therein which
proves on analysis to be unduly stimu-
lating. Grocers and others had been hav-
ing such a run on this beverage that the
collector's experience of liquid attrac-
tions caused him to investigate, with the
result of finding it of too high proof to
escape the revenue discriminations. In-
dividual vendors have settled at a cost of
\$30 each. They protest their innocence
of any guilty knowledge and of any illegal
intent. The fault is now laid to the
barrels containing this popular summer
drink, which had previously been used
for lager beer, the excess of whose
strength had left an alcoholic residue in
the wood, which in turn had invigorated
illegally an otherwise legitimate liquid.

In the District Court.
Thomas Bates and Abbott Bryant, both
of them minors, were in court charged
with breaking into the Johnson grocery
store. The boys confessed their guilt, but
as Bryant's father was sick and as he had
no previous bad record and as Bates, who
was in court five years ago, promised to do
better, the boys were allowed to go on
probation, provided they made good the
loss they had done in their burglary.
They stole a case of provisions. Most of
the stolen goods were recovered by the police.
Amiee Borden, an adopted child, was
brought into court for stubbornness. Good
advice was given him and he was allowed

TEN HOURS LATER

Than any other newspaper in Western Mass.

Entered at the Post Office, North Adams, Mass., as second class mail matter.

FRIDAY AFTERNOON, JUNE 7, 1895.

GENERAL HARRISON AGAIN.

Ex-President Harrison has been stopping in New York city having his portrait painted by Artist Johnson. Beside that he has furnished more newspaper "copy" than any other individual in either hemisphere during that time. Most of this has been descriptive and conjectural and with an aim to disclose the African gentleman in the wood-pile. General Harrison has not aided in this endeavor. In fact, he has had nothing to say beyond that he was feeling very well himself and his grandson was, and that they were doing much shopping. It was noticed that he stood the heat well Memorial day, and that his frock coat is still buttoned up.

General Harrison has had his final look at his picture and left New York city Thursday for Philadelphia, where he will stop over for a day with his old friend, John Wanamaker of the bargain counter and the Bathed Sunday school, and expects Saturday evening to leave for home.

A summary in the New York Sun, of this visit of General Harrison to the interests of portraiture and summer suits, reaches the conclusion that it is vain to say that he came to New York city to overshadow the McKinley boom to be started there Memorial day; that he is against McKinley as well as for Harrison; that he has failed to induce Gov. Morton to take the second place with him on the ticket; that the Depew dinner landed on his side only Dr. Depew him self and Cornelius Vanderbilt.

All this was conjecture, but now come a few facts. Stephen B. Elkins, who helped nominate Blaine in 1884, and in 1888 helped to turn the tide to Harrison, is just reported at Washington, on what is considered good authority, to have come out for Harrison for the presidency and to have Dr. Depew with him.

What gives credibility to this report is a little difference that has arisen between him, Thomas Henry Carter, chairman of the Republican National committee, Hon. Richard C. Kerns, Republican national committeeman from Missouri, and Senator Stephen B. Elkins of West Virginia. It is which Carter holds one side of the bag as against the two other partners. It seems that while Chairman Carter has been lost in the interest of Senator Cameron, Kerns has been undermining Carter's own territory, and sowing many and vigorous truths among his free-silver and Cameronian wheat. Kerns is said to be regarded by Carter for this proceeding very much as the Enemy of old was regarded in the parable for a similar objectionable husbandry, and Carter threatens dire things.

But the end is not yet. Mr. Kerns has undertaken another contract in the interest of Senator Elkins. At the Minneapolis convention a resolution was adopted, which recommends that the National committee shall greatly curtail the number of delegates to a national convention from the Southern states. This resolution was adopted because it was openly charged that General Harrison could not have been nominated except for the votes of the delegates from Southern states which year in and year out cast their electoral votes for the Democratic candidate. Of these votes the General had 240 in 1860. The National committee does not meet until February, but Mr. Kerns, in the interest of Senator Elkins as a Southern candidate for vice-president, has decided to put up a fight in the committee against the resolution curtailing the number of these delegates from the Southern states. He will have sturdy aid from Senator Elkins, and proposes to devote most of the next six months in an effort to defeat the resolution before the committee.

The situation up to date develops much to suggest that General Harrison's portrait sitting in New York cannot be considered as altogether wasted time.

THE GREATEST BERKSHIRE WEDDING.

In Trinity church at Lenox yesterday, by the rector, Rev. Dr. William Grosvenor, assisted by Rev. Dr. John Hall of the Fifth Avenue Presbyterian church of New York city, Miss Florence Adele Sloane was married to James Abercrombie Burden, Jr.

This is not only the greatest of Berkshire weddings, but probably the most elaborate and costly wedding ever observed in this country. It was, while in all proper respects the result of mutual regard, the marriage of millions to millions. It was a Vanderbilt wedding in contrast to the Gould wedding of recent date. The bridegroom was not a French count—which, though expensive, are nice if not naughty—but an even choice, matrimonial prize, a young and comely American, of good family and character, with an income of much more than a million dollars a year, which originated in the iron works founded by the late Henry Burden at Troy, N. Y. The bride is the daughter of Mr. and Mrs. Douglas Sloane, the granddaughter of Mrs. William H. Vanderbilt, and the great-granddaughter of the late Commodore Cornelius Vanderbilt.

Fourteen Wagner drawing room cars took at 3 o'clock Wednesday afternoon from the Grand Central station at New York city the 250 or more wedding guests

from that section, and remains at Lenox to take them back. Dr. Chauncey M. Depew followed in his private car, taking with him the Misses Morton, daughters of New York's governor. At the Lenox station there were waiting some 200 carriages to convey the guests the two and a half miles intervening to Lenox village. At an expense of \$40 each, and by means of fifty freight cars, 180 of these carriages were brought from Bridgeport, Ct. The Curtis hotel was secured for the guests exclusively for three days, and most of the cottages have been opened by their owners in person for the wedding festivities.

The wedding reception was at the Sloane country place, which comprises 2000 acres. The bride's trousseau cost \$40,000. The wedding gifts, mostly in the form of jewels, are conservatively estimated to have cost \$700,000, and the total outlay for the wedding will exceed a million dollars.

The twenty-fifth annual meeting of the New England Associated Press, whose dispatches the Transcript receives, was held at Young's hotel Boston, Thursday. The following officers for the ensuing year were chosen: President, John H. Holmes, Boston Herald; Secretary, F. B. Whitney, Boston Transcript; Executive Committee, Messrs. Holmes, Whitney, Charles H. Taylor, Boston Globe; Richard S. Howland, Providence Journal; Charles H. Clark, Hartford Courant; Stephen O'Meara was elected Treasurer.

William O'Brien will cease to represent Cork city in the English parliament after June 12. He retires because of bankruptcy forced upon him because of election debts for the Irish party which he thinks should be paid from the Paris fund. Friends have volunteered to meet the present suit, but Mr. O'Brien considers it the first of many and declines the aid offered.

The wisest of all the Greeks, Socrates, whose wisdom is as captivating today as when he held dialogue in Athens, and who, as Xenophon says, "did nothing without the advice of the Gods," and moreover, as he himself was proud to prove, could drink more wine at a feast than any man there, was not less subtle in his humor than deep in his wisdom. Never was there a sadder, never a humorist, like the son of Sophroniscus and Phaearete.—N. Y. Sun.

Mrs. William K. Vanderbilt, now in Europe, is to be summoned as a witness in a bicycle suit for \$30,000 damages, brought by Mary E. Leverich of the Sherman Park hotel of New York city, against the Bidwell Thoroughbred Cycle company, on account of injuries received while being taught to ride that somewhat elusive conveyance.

Under the Debs contempt of court decision, a South Carolina commissioner and constable have been arrested and are under bonds for violating an injunction of the United States District court, restraining them from seizing liquors brought into that state for private use.

The selection of Attorney-General Olney to succeed Secretary Gresham is considered as decided upon, and the appointment as being delayed out of respect to the late secretary and because of trouble in filling Mr. Olney's present place. Among others mentioned for it is Postmaster General Wilson.

Capt. Taylor of the Colima, blew three blasts of the whistle from his station on the bridge as that ship went down. This is the "good by" signal for steamships. It was an heroic farewell to his equally heroic officers and crew who went down likewise at their respective posts of duty.

A New York Catholic priest, in announcing that forenoon high mass would be suspended for the summer, very observantly said: "I doubt if one can maintain a pious frame of mind for an hour and a half under such weather as we are having."

Rudolph Evans, a young Washington sculptor, is modeling a bust of Secretary Morton. "The young man has not taken a single measurement in making this bust," said the Secretary, "and yet its proportions are so perfect that my old hat fits it as well as it does myself."—Chicago Tribune.

Herbert Spencer, the philosopher, has declined the appointment to the Knights of the Order of Merit recently made him by Emperor William of Germany. He says in substance that he is no such fellow.

Mississippi alone will send 2,775 delegates to the Bimetallie convention at Memphis, Tenn., June 12 and 13. If other states do as nobly that gathering will be held out doors.

The New York Sun declines adjudication with its office cat on the ground that none has "the requisite experience, judgment, or professional digestion."

Secretary Gresham left an estate valued altogether at about \$40,000, consisting mainly of a house in Chicago and a farm in Indiana.

President Cleveland will occupy the White House principally, now that his wife and babies have left Woodley for Buzzard's Bay.

Work upon the Cape Cod canal will begin at once, and will require to finish from five to eight million dollars.

Clapp's Band was Honored.

Clapp's band was highly honored at the Masonic celebration at Lenox yesterday. The famous Gartland band of Albany, N. Y., was present, and the North Adams institution was not put in the shade very much. Gartland had less men than the North Adams band and it was a question if he had better music. The two organizations gave a concert in the afternoon.

To Observe Children's Day.

Children's day will be observed at the Universalist church Sunday. Several children will be baptised at the morning service. The morning service will be appropriate to the day. The Sunday school will conduct the services in the evening and a concert of operatic nature, entitled "Coming of the Sunday School Queen," will be rendered.

Thomas Butterworth left town yesterday to spend the remainder of the week in Boston.

Probable Celebration.
There is talk among the townspeople of giving Company M a royal welcome tomorrow night, upon their arrival at 8.57, in honor of their sixth consecutive victory as marksmen. The band will probably be engaged and speeches be made to show the local appreciation of the boys.

Dullness in Real Estate.
The recent real estate boom shortly preceded a severe dullness, not because there is no more real estate to sell, or that there is no one to buy it. The trouble comes from the fact that everyone who owns property seems to know real estate is wanted by some one and the usual human perversity prompts them to call for more and then keep it until their price is paid.

New Business Block.

Rathbourne & Harding, Pittsfield architects, are at work upon the plans of a new business block to be built at once by Albert Jones, on his property next the hose house. The building will be two stories high, built of brick and masonry fifty by eighty-five feet. The first floor will contain two stores. The front of the second story will be divided into offices and the back will be divided into society rooms. The house now on its property will be torn down and the large tree in front of it will be used for firewood after perhaps hundreds of years of life. This tree is the largest and probably the oldest now standing in town.

James McKenzie, who went to Thorndyke recently, will play with the base ball nine of that place.

Some small boys playing ball in the Dean street road, broke a large window on that side of the building.

Miss Mary Dalton is rapidly recovering from the effects of a sprained ankle, sustained by falling from her bicycle.

The St. Jean Baptiste society decided at their meeting last night not to attend the feast of St. John at Woonsocket as they intended. They will attend the fair to be held by the North Adams society to be held on Tuesday evening, June 18.

Patrick Roman now has the Commercial house restaurant running in ship shape.

Edward I. Little of Springfield, is visiting his mother on Park street.

Arthur A. Simmons will go to Springfield next week to see the road races and will then go to Wellesley college to visit his sister, Miss Edith Simmons.

Frank Clark has returned home. Real estate transfers have been made by Peter Sears to Jennie Meguell and Arthur E. Green to Maria C. Cummings.

ADELE AUS DER OHE.

The Famous Pianist Coming to Williamstown June 13.

Below we are able to give a picture of Miss Adele aus der Ohe who is to play in the opera house in Williamstown next Thursday evening, June 13, and who, it is hoped, will find many admirers of good music present from North Adams.

Among the many complimentary notices everywhere paid this brilliant artist, we reprint the following:

The solo performer at the Philharmonic society last night was Miss Adele aus der Ohe, who was welcomed back from her recent Russian tour in a manner that was extremely flattering. That there is an excellent understanding between her and Mr. Seid concerning the spirit in which Liszt's music is to be played was made apparent on the memorable occasion on which she effected her American debut at Steinway hall several years ago. Admirable as was her style of play then, it has broadened and deepened since.—N. Y. Tribune.

Speaking of the same concert the New York Herald said: "Chiefly was the interest centered around Miss Adele aus der Ohe's reappearance. And a most successful re-entree it was. She played the Liszt concerto with true virtuosity. Her technique has gained both in fluency, in brilliancy and in surety. Her reading was broad and musicianly. She played the first portion with a sonorous dignity that was masculine in character, the slow movement as tenderly as a sensitive woman only could play it. The scherzo and finale were given with great delicacy and maestria. She richly deserved the ovation she received at the end."

Miss Adele aus der Ohe was the Star Soloist at a Classical, Adequate and Correct Performance—it is a rather curious fact that no woman pianist of eminence has been heard at a Symphony concert in New York—if memory serve—since Miss Aus der Ohe herself last appeared here. She was heard again yesterday with much pleasure, and gave a finished, sympathetic and brilliant rendering of the Liszt concerto, which earned her a well-deserved recall and encore.—N. Y. World.

The Girls' Friendly Society.

A very delightful program has been arranged by the Girls' Friendly society, to be given next Wednesday evening. The ladies of the parish will serve a strawberry supper and will offer fancy and useful articles for sale both afternoon and evening. A tambourine drill by sixteen young ladies in costume will be one of the attractions of the evening. Professor Monroe and his orchestra of twelve pieces will play, and the Cinderella lancers will be given by sixteen little people under the direction of Miss Della Pierce, assisted by Miss Alice Smith. Tickets for sale by members of the Girls' Friendly.

PRIDE AND SENTIMENT

Held to Be Spain's Reasons For the Retention of Cuba.

De Campos Needs More Help to Subdue Rebels.

Spanish Officials Alarmed at American Sympathy For Insurgents.

LONDON, June 7.—The Times, in an editorial upon the subject of the extension of the Cuban insurrection and the reported movements of the American filibusters, says that the attitude of the American government is diplomatically correct, but that much sympathy with the Cuban rebels is daily noticeable among the American people. Probably the retention of Cuba by Spain is a mere question of justifiable pride and sentiment. It is a pity, however, that Spain makes no attempt to harmonize the interests of the population of Cuba with those of its rulers. The result is chronic discontent and ever-recurring revolts. This is the real explanation of the fact that the insurgents have the sympathy and the financial help of the industrial population at large on the island.

WITHIN THIRTY DAYS

An Expedition Will Start From United States to Aid Insurgents.

JACKSONVILLE, Fla., June 7.—A special to the Florida Citizen, from Fernandina, says: The master stroke of the Cuban revolutionary movement in this country will occur within 30 days. The principal leaders of this party in the United States gathered at this city two days ago, but on Wednesday went to Ocean Beach, where they stopped at the Strathmore hotel. From an adjoining room, The Citizen's correspondent overheard the whole of the deliberations.

After considerable preliminary talk then came plans, and so far as completed at this meeting they were as follows: That whereas all plans for carrying forward the insurrection had worked most satisfactorily, the eastern half of the island had risen, the western half was ripe for rebellion, and the Spanish opposition was growing weaker owing to the terrific ravages of yellow fever and to diseases from bad food supplied the Spanish army, now had come the time for a tremendous effort which should carry a great expedition from the United States to Cuba.

The consultation of the board decided that the expedition should sail from a point between Brunswick, Ga., and Mayport, Fla., that it should be commanded by Colonel Enrique Cerna, the war-scarred veteran of '94 and '95, and that the fleet should be guarded by three newly-built torpedo boats of the latest pattern and of great speed and manned by experienced seamen.

Lieutenant Tomas Collazo is to be the staff officer and Collazo's small army is to be recruited from the Cubans in the United States and Americans recruited from the southern states. Men already collected by Henry Brooks, who is now in New York city, and who is to accompany the expedition as members of Cerna's staff, are also to be enrolled. Collazo is to land the expedition at some point in the province of Puerto Principe, where forces collected by Gomez and Marti will cooperate. The expedition is to land in Cuba within 30 days.

In addition to this plan of operation the following general information was gleaned during the deliberations: The province of Pinar del Rio has risen and the insurgents have made more progress in the present rising of three months' duration than was made in seven years, commencing 1895; that it is believed that within a month the whole island will be in arms for the Cuban cause, and that Captain General de Campos, commanding the Spanish forces is exerting every effort to be recalled to Madrid before the arrival of a sister, which he believes sure to overthrow Spanish arms in Cuba very soon.

DE LOME'S COMPLAINT.

Too Much Activity in America in Behalf of the Insurgents.

WASHINGTON, June 7.—Mr. De Lome, the Spanish minister to the United States, has called the attention of the state department to allegations that filibustering expeditions against Spanish authority in Cuba are being fitted out on the bayous of the lower Mississippi river. The communication also stated that armed citizens of some of the southern states often paraded with arms, with a view to joining some of these ongoing expeditions, or at least to give active encouragement to the Cuban insurgents.

Some of the statements made covered facts of which the United States government can take no official notice and others were too meager for present official action. It is believed at the state department that there is little truth in the reports which reach here from the south of the fitting out of warlike expeditions against Cuba, but should it be shown that expeditions are being organized which come within the prohibitions of international law and are in violation of the laws of the United States, there will be no delay in bringing the parties concerned to justice.

MORE MEN AND MONEY.

Spain is Aware That She Has No Small Job on Her Hands.

MADRID, June 7.—In consequence of a dispatch received from General de Campos, Senor Castellanos, the colonial minister, conferred with Prime Minister Sagasta, and it was decided to ask the chamber of deputies to grant an additional credit for expenses in Cuba. General Azcarraga, minister of war, announced his intention of enlisting volunteers for Cuban service.

De Campos informed the government that several rebel leaders were expected to land in Cuba immediately, and that fresh agitation was in progress. In view of this state of affairs, he asked for six additional battalions of troops. As the result of a ministerial conference the government will send 10 battalions of troops to Cuba without delay.

It is expected that, in addition to the 10 battalions of infantry, another general staff will be sent to assist Captain General Martinez de Campos in suppressing the insurrection.

The loan for the Cuban expedition will be \$2,000,000 of pesetas.

Colima's Survivors Reach Port.

SAN FRANCISCO, June 7.—Seventeen of the survivors of the wrecked steamer Colima arrived in port yesterday on the steamer Juan. The men were a sorry looking party when they arrived at the main deck here. Their stories all confirmed the telegraphic accounts of the disaster. They agree that the cause of the foundering was the top-heavy condition of the Colima, due to her bulkhead decked. Even the heaving of the waves south they say the vessel listed badly and would not answer her helm. The passengers were there was no time to launch boats or put on the preservers when they realized the serious plight of the Colima, and, beside, the fury of the storm made it impossible to launch the boats successfully.

Listened to Many Addresses.

SARATOGA, June 7.—Yesterday's session of the Congregational Home Missionary society was devoted to hearing interesting talks of representatives from the field. Addresses were made by Rev. S. P. Gale of Florida, J. H. Morley of Minnesota, Dr. M. F. Eversz of the German department, S. C. McDaniel of Georgia, C. E. Clapp of Oregon, W. S. Bell of Montana and H. C. Simmons of North Dakota. The closing session of the 68th anniversary was held last night and proved the most interesting of the series of meetings. Secretary Joseph B. Clark of New York read a paper on "The Money Problem."

Not in English Style.

LONDON, June 7.—Sporting Life says that the shortness of the stroke of the Cornell crew was the first thing that attracted the attention of the on-lookers when the Americans took their first spin over the course. The method of propulsion is entirely different from that usually adopted here. The shells are very pretty craft.

MILLS GAINING HELP.

Olneyville Strikers Are Accepting the Terms of Employers.

Details of Police Preserving the Peace.

One of the Strike Leaders Likely to Be Indicted For Conspiracy.

PROVIDENCE, June 7.—Things were more than usually quiet at Olneyville yesterday, and a detail of police surrounded the Olneyville mills. The people have begun to realize that the police will not let them go within a block of the mills, so a few gathered in private yards, from which they were later driven, after the police had conferred with the owners. Manufacturers report steady gains in operatives returning to work.

The manufacturers report steady gains in the number of operatives returning to work. At the Riverside mills 175 of the 320 looms are running, and during the day 60 operatives went in. The superintendent said he understood the sewing girls would be in Monday, and he will wait until that time to see if they would return. If they do not, the work will be sent to Blackstone, where the company controls a big mill and where help is plenty.

At the Weymouth mill the gain is 80, making 230 operatives working. The superintendent says that work is running smoothly and would be satisfactory if the loomfixer emergency was provided for. He understands this will be straightened out Monday.

It is claimed that 700 are working at the Saco mill, but only 1000 are running in the Fletcher combination. The strikers claim that looms in the mills are being run by help from other departments. The superintendent claims the weavers have returned, and believes he will be able to keep the mills running.

Until yesterday not a loom has been in operation at either the Providence, National or Saco mills.

It was stated at the office of the Sexton mill that 38 looms were running, and that it had been necessary to lay off a number of employees until more weavers went to work.

The Atlantic mill people claim that a few more operatives went to work yesterday, but the strikers emphatically deny this. They say that with the exception of Mr. Fletcher's mills, no concern in Olneyville is doing any work. There is little change at the Munton mills.

It is reported that William J. Welsh, one of the leaders in the Atlantic strike, is under police surveillance, and that measures will be taken to indict him for conspiracy. John W. Thornton, another strike leader, is under arrest on a charge of libel in issuing non-union lists. Other leaders are expected to be arrested, and they are wondering what the charges will be.

MAN LED ASTRAY.

Pair Who Elope From Philadelphia Under Arrest at Providence.

PROVIDENCE, June 7.—Edward S. White and Mrs. Andrews had posed as husband and wife, and the child whom White took with him was known as their little girl.

White declares that Mrs. Andrews is responsible for his leaving wife and home. In view of this assertion, Mrs. White states that she is unwilling to prosecute, and when the case comes up for a hearing Mrs. White may be free to appear. White will return to Philadelphia with his wife and child.
